**WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

**WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

**USE OF UNOFFICIAL PRODUCT:**

The use of unofficial products and peripherals may damage your PlayStation game console and invalidate your console warranty.

**HANDLING YOUR PLAYSTATION DISC:**

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

# STORY

The sun glints sharply off the lake's mirror-smooth surface. Crickets chirp softly, and birds search the dunes for worms. It is a moment of still, quiet serenity, with only a distant background buzz in the air...

*Suddenly, the stillness is shattered. Out of nowhere, at breakneck speeds, powerful watercrafts leap overhead and land hard in the water, sending up plumes of spray. The drivers corner hard, kicking up immense wakes. They cut each other off, collide, and shout at each other as they zoom off into the distance. What was THAT?*

It's HydroCross, the extreme sport of Personal Watercraft racing. Eight fearless characters from all walks of life, in their SEA-DOO PWCs, and only one of 'em can go home a winner. Taken to places where watercraft were *never* meant to go...to the most dangerous, insane waterways that man and nature can devise!

# GAME MODES

## **PRACTICE MODE**

### **ONE-PLAYER**

Two of the tracks are for Practice Mode only, and may be run alone, going at your own speed. Wave conditions are selectable. The Ramp Run is best for practicing tricks; the Buoy Run is designed to help you perfect your cornering and maneuvering. Practice Mode scores are not saved to the Leaderboard.

## **QUICK START MODE**

### **ONE-PLAYER AND TWO-PLAYER**

This mode is designed to get you up and playing as fast as possible. You select 1 or 2 player. We then randomize the character, watercraft, track and difficulty setting, sending you immediately to the race with 3 randomized opponents\* (watercraft and track are dependent upon whether or not they have been unlocked in Tournament Mode.) Since this is a single race only, neither Reputation Points nor Division Points count toward Tournament, however your total Reputation Points for the race are displayed on the Heads Up Display (HUD).

\*Randomized opponents do not appear in 2 player mode.

# GAME MODES

## RACE MODE

### ONE PLAYER AND TWO PLAYER

This single race mode allows you to configure the conditions to your exact specifications, using whichever watercraft and tracks have been unlocked in Tournament Mode. You'll select the difficulty, and then choose a character, watercraft, and track. If this is a Two Player game, choose either a Timed race or a Points race. In a Timed race, players race to be the first to complete a selected number of laps. In a Points race, players try to accumulate the most Points before a timer expires by performing tricks and breaking obstacles. Although your Reputation Points will be displayed on the HUD, both Reputation Points and Division Points are not earned since this is a single race only. If you have a top race time, you will be given the opportunity to enter your name into the Leaderboard.

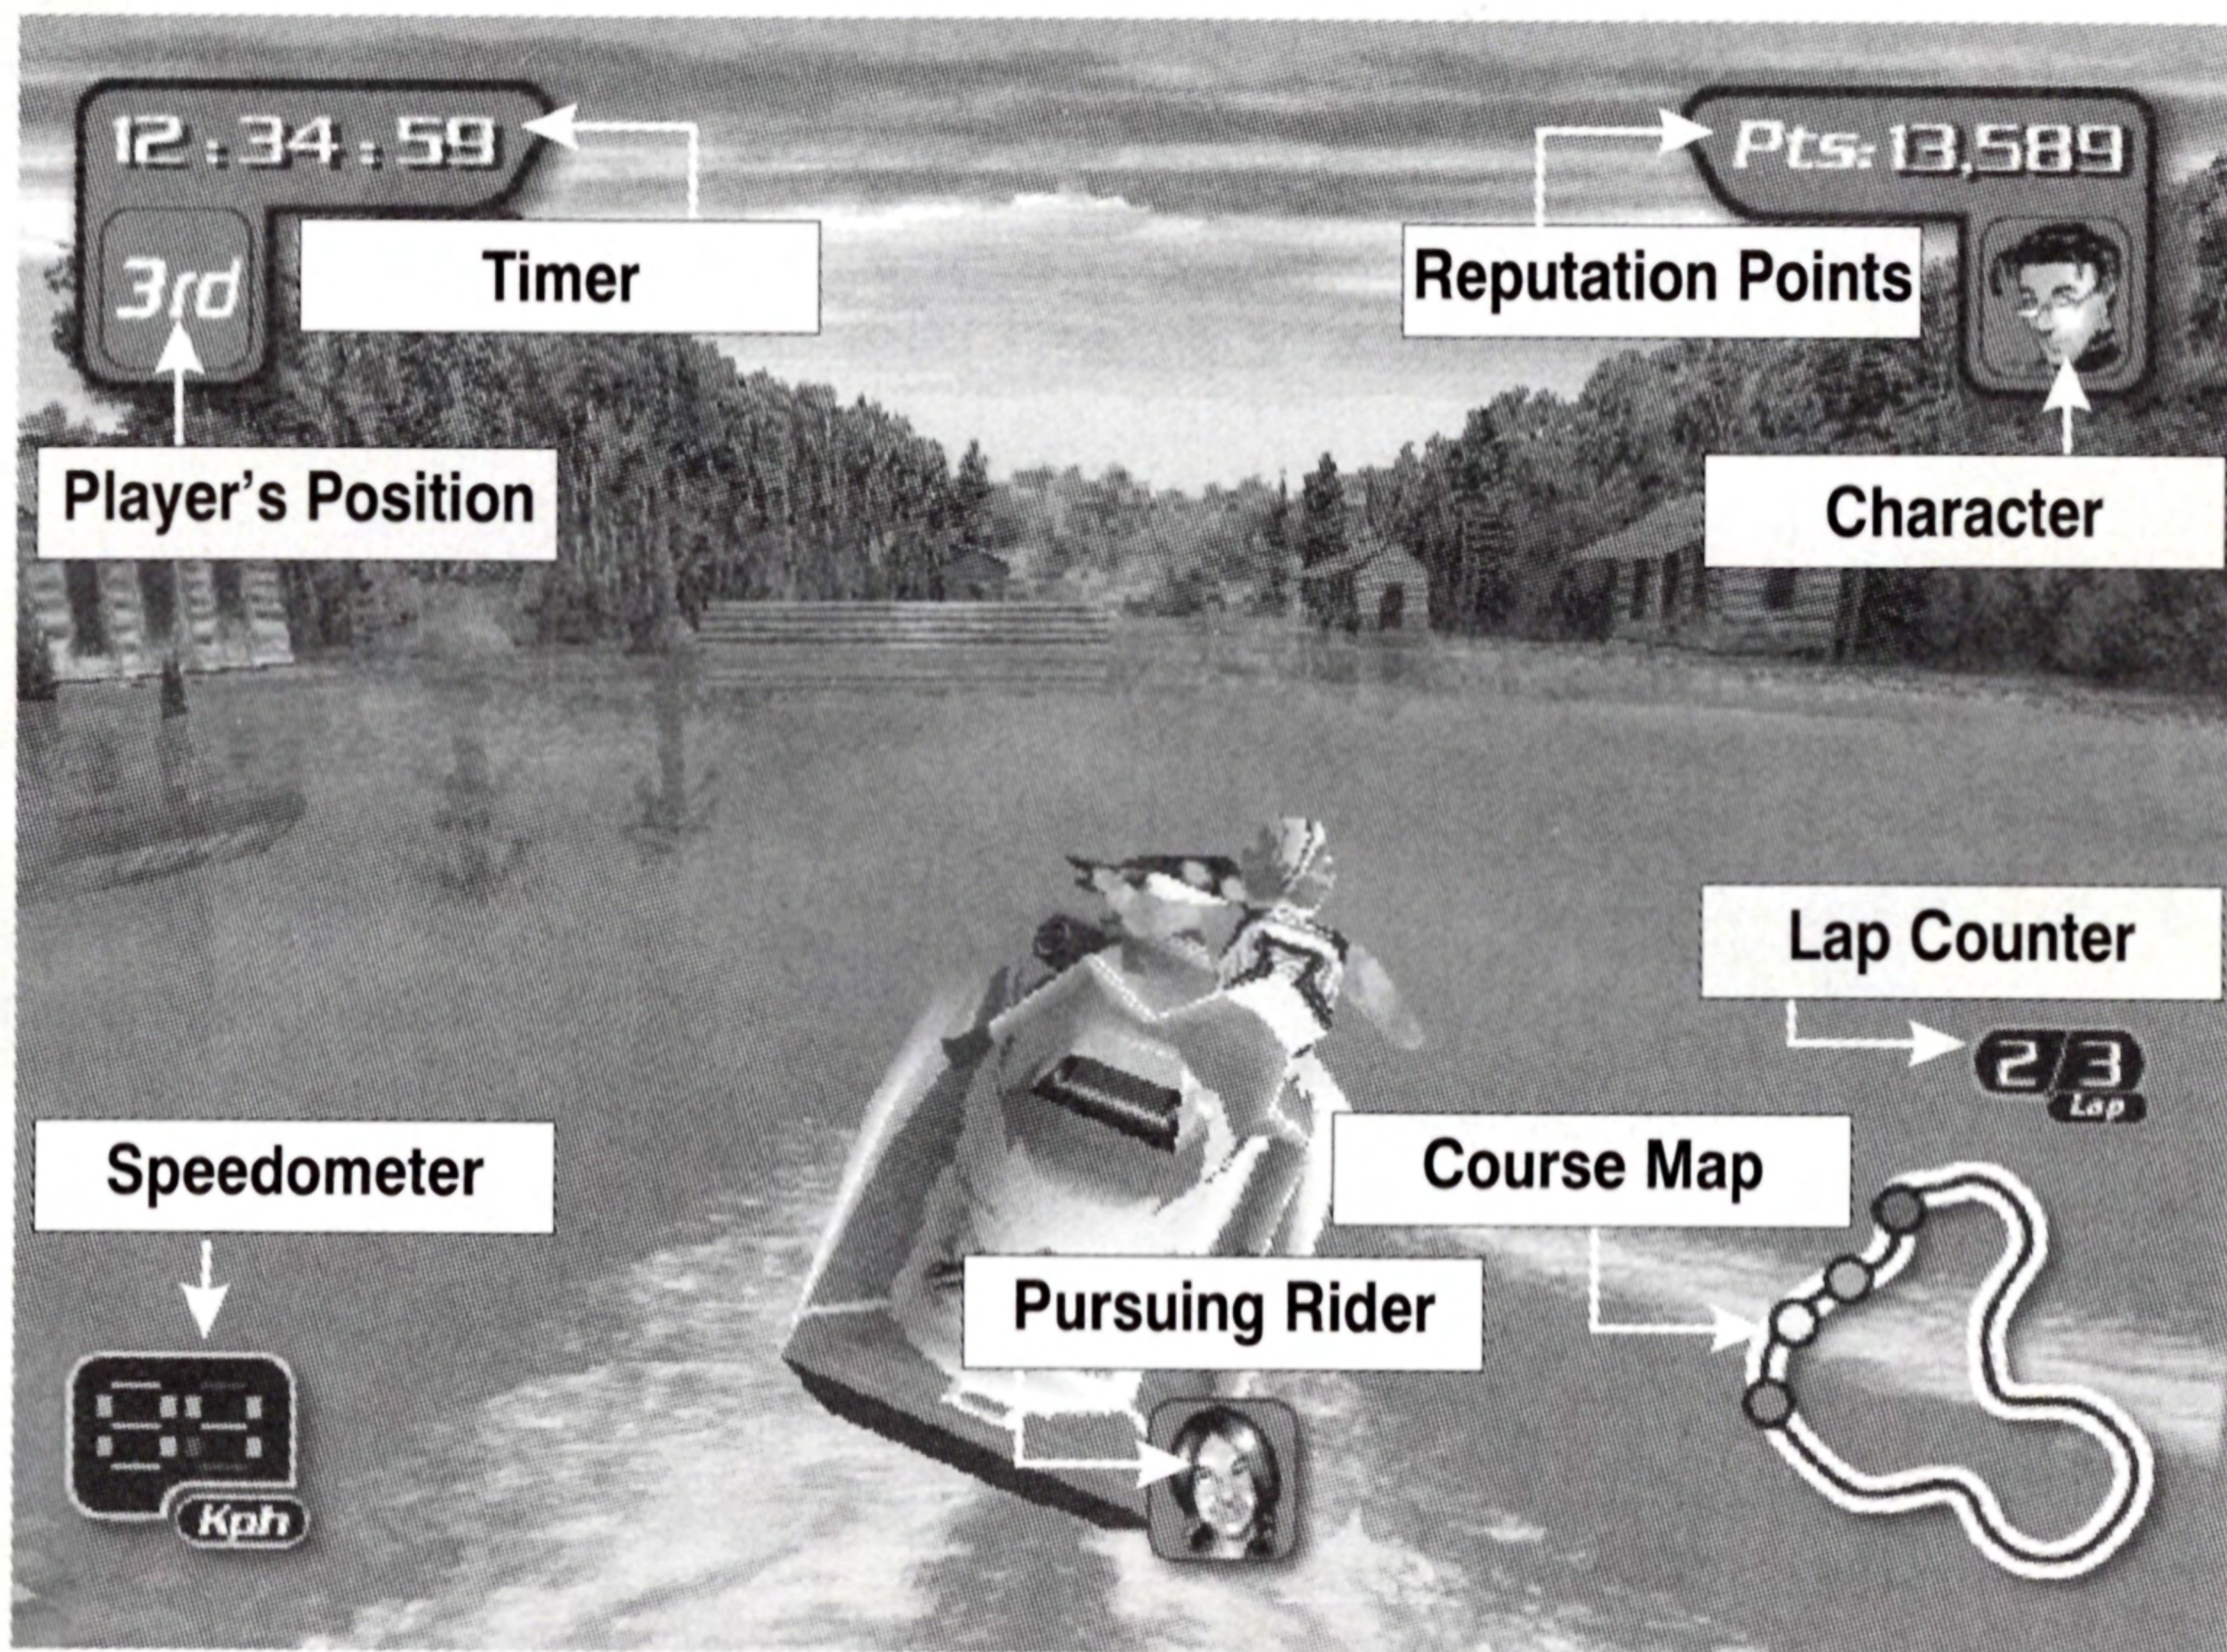

# GAME MODES

## TOURNAMENT MODE

## ONE PLAYER

This is the grand tourney in which you'll compete against all opponents, on all 8 tracks, in 2 different seasons! You get to select your character and the overall difficulty level. By performing tricks and hitting targets, you can accumulate Reputation Points. Score enough Reputation, and you'll get the chance to race advanced watercraft (including concept craft designed by Sea-Doo engineers just for this game!). Gain Division Points according to how well you place in each race and if you do well you'll advance to the next Division. Win each division in both the Summer and Fall Tournament and you've won.

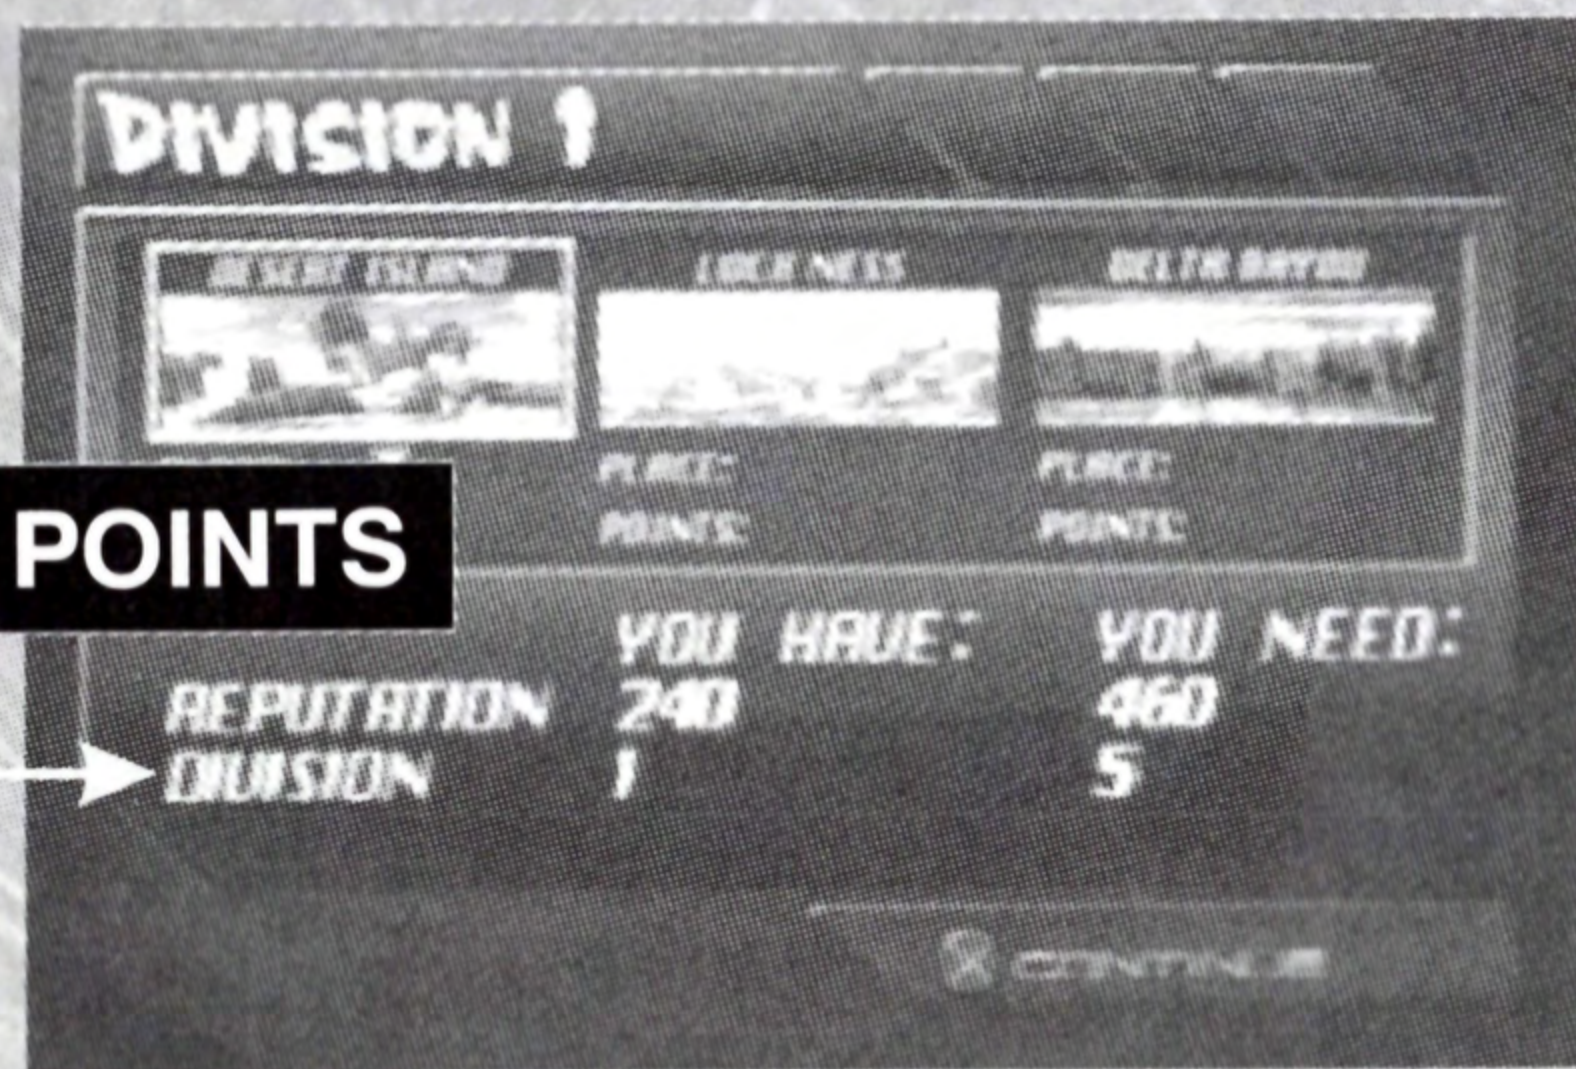

# HEADS-UP DISPLAY

# POINT SYSTEMS

## DIVISION POINTS

Division Points allow you to move from one racing division to the next. Moving to a new division means opening up a new, more challenging set of courses. You earn Division Points every time you finish a race in Tournament mode.

Finishing First: 3 points  
 Finishing Second: 2 points  
 Finishing Third: 1 point  
 Finishing Last: 0 points

Season	Division	Number of Tracks
Summer	1	3
Summer	2	3
Summer	3	2
Fall	4	3
Fall	5	3
Fall	6	2

# POINT SYSTEMS

## REPUTATION POINTS

Reputation Points allow you to upgrade your watercraft to better models. Points are awarded for performing tricks and hitting targets (unless you come in last place!) Different tricks and items are worth varying numbers of points! In Tournament mode, you receive an upgrade after any race in which your Reputation is high enough. Once you've unlocked a watercraft in Tournament mode, you can use it in other parts of the game as well.

## GAME PLAY

### Handling

This allows you to toggle between Arcade and Realistic. Arcade handling is more forgiving, while Realistic handling more closely duplicates the properties of real watercraft.

### Laps

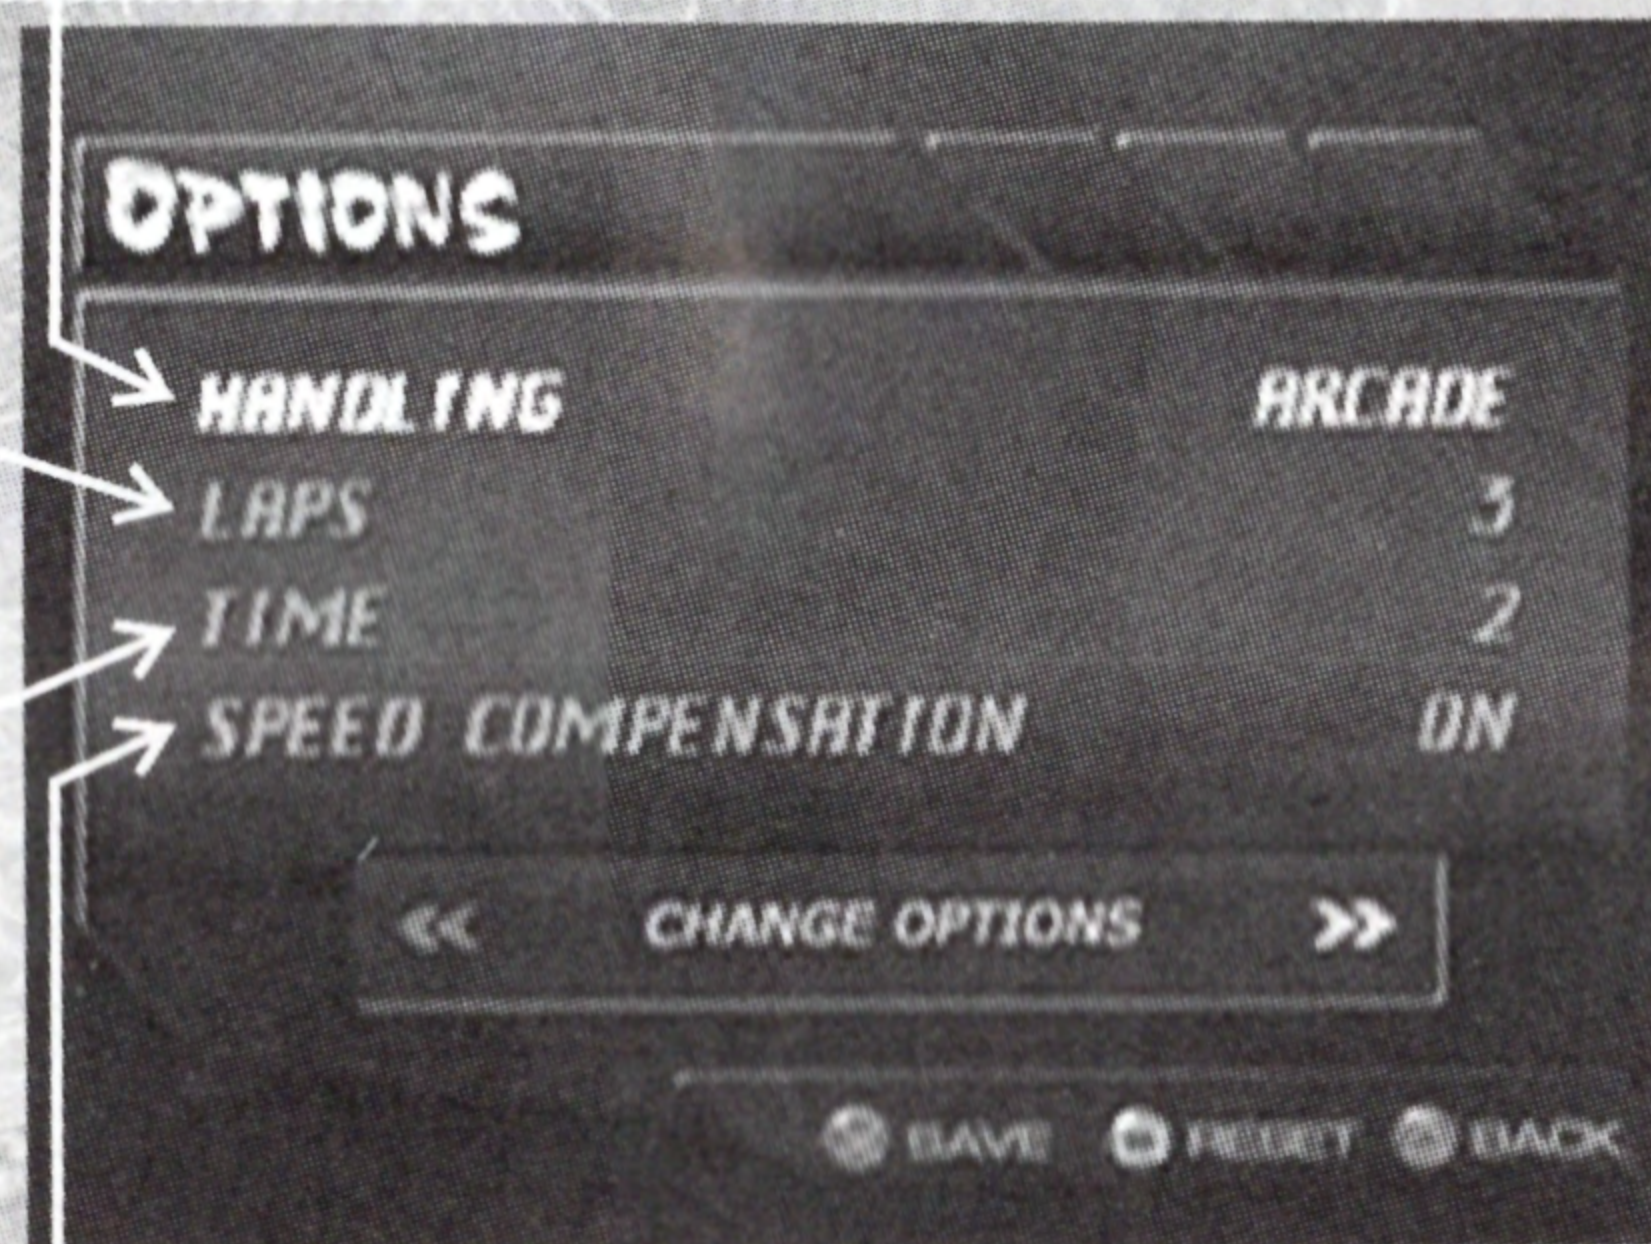

Lets you choose between 3 (the default), 5, 7, or 9 laps in non-tournament races.

### Time

This is used to select the amount of time in a two player Timed Race.

### Speed Compensation

This option lets you adjust whether or not your opponents allow you to catch up to them if you wipe out.

# CHARACTERS

## BOMBARDINSKI

**This guy is nuts. Young and brash and completely egomaniacal, he believes himself a master of watercraft. But he's liable to be distracted by his own reflection... it's his first love!**

## FLYING CARPET

**What this fellow lacks in expertise, he makes up for in enthusiasm. He should have taken some basic watercraft training, but his energetic head-first attitude takes him where angels fear to tread!**

# CHARACTERS

## JENNIFER AMBER SCOTT

With dreams of Hollywood stardom, Jennifer's out to make a name for herself. And she's doing just that by blowing away the competition. Too bad she won't get any leading roles with that accent...

## MRS. MURRAY

With nine kids at home, Mrs. Murray doesn't have time to take her curlers out. She started racing to relieve her stress – now it looks like Mr. Murray will be taking care of the kids more often!

# CHARACTERS

## LIL NED

Lil Ned's laid back... He's just out to have fun. Can he help it if he wins? Can he help it if his size makes his vehicle stable enough to take corners at top speed?

## THE OLD KAHUNA

This retired beach bum pilots with the grace and surety of a man half his age and twice his weight. Aside from the occasional "senior moment," he's a hot contender. Don't underestimate him.

# CHARACTERS

## WILD MARIE

Marie is wild. Very wild. She's got attitude, and her driving is... well... She races for thrills, nothing else. Anything that'll get the adrenaline flowing is all right in her book – so watch out!

## YAKAMIA

This computer nerd is into anime, sushi, and Feng Shui. He's half Irish and half Dutch, but he really thinks he's turning Japanese! He's into the Zen of the sport. Elegance. Simplicity. Chi.

# TRICKS

In order to gain the Reputation Points used to unlock new watercraft, players have a number of tricks that they can perform. These tricks are done both in the air and in the water, and some of the harder tricks require big amounts of airtime to complete. The harder the trick, the more points... but with the harder tricks comes a higher chance of our rider getting thrown off their watercraft, and maybe costing him or her the race.
