GAME OVERVIEW

“The Smurfs” is a game developed for ages 5 and up. It allows you to familiarize yourself with the concept of controlling a game character as well as the use of the Console Controller.

The game is made up of two parts with progressive level difficulty:

The first part (“It’s a piece of cake”) is made up of the beginning stages, designed to teach you how to control Hefty Smurf and interact with the environments.

The second part (“It’s no picnic”) continues the story. The levels are more difficult as you try to free the Smurfs and defeat their enemies!

ONCE UPON A TIME

One night, a stork flew over the Smurf's Village carrying a strange package in its beak. It left the package in front of one of the houses, knocked on the door, and flew away.

Early the next morning, Hefty woke up to discover the mysterious package on his doorstep. When he opened it, he found himself face-to-face with Baby Smurf. The news spread through the village like wildfire and soon all the Smurfs had gathered to admire the new baby. Hefty went off in search of toys and baby bottles for Baby Smurf.

Meanwhile...

6

Mean old Gargamel, hungry for revenge, found a spell to summon an army of little servants in his wizard's book.

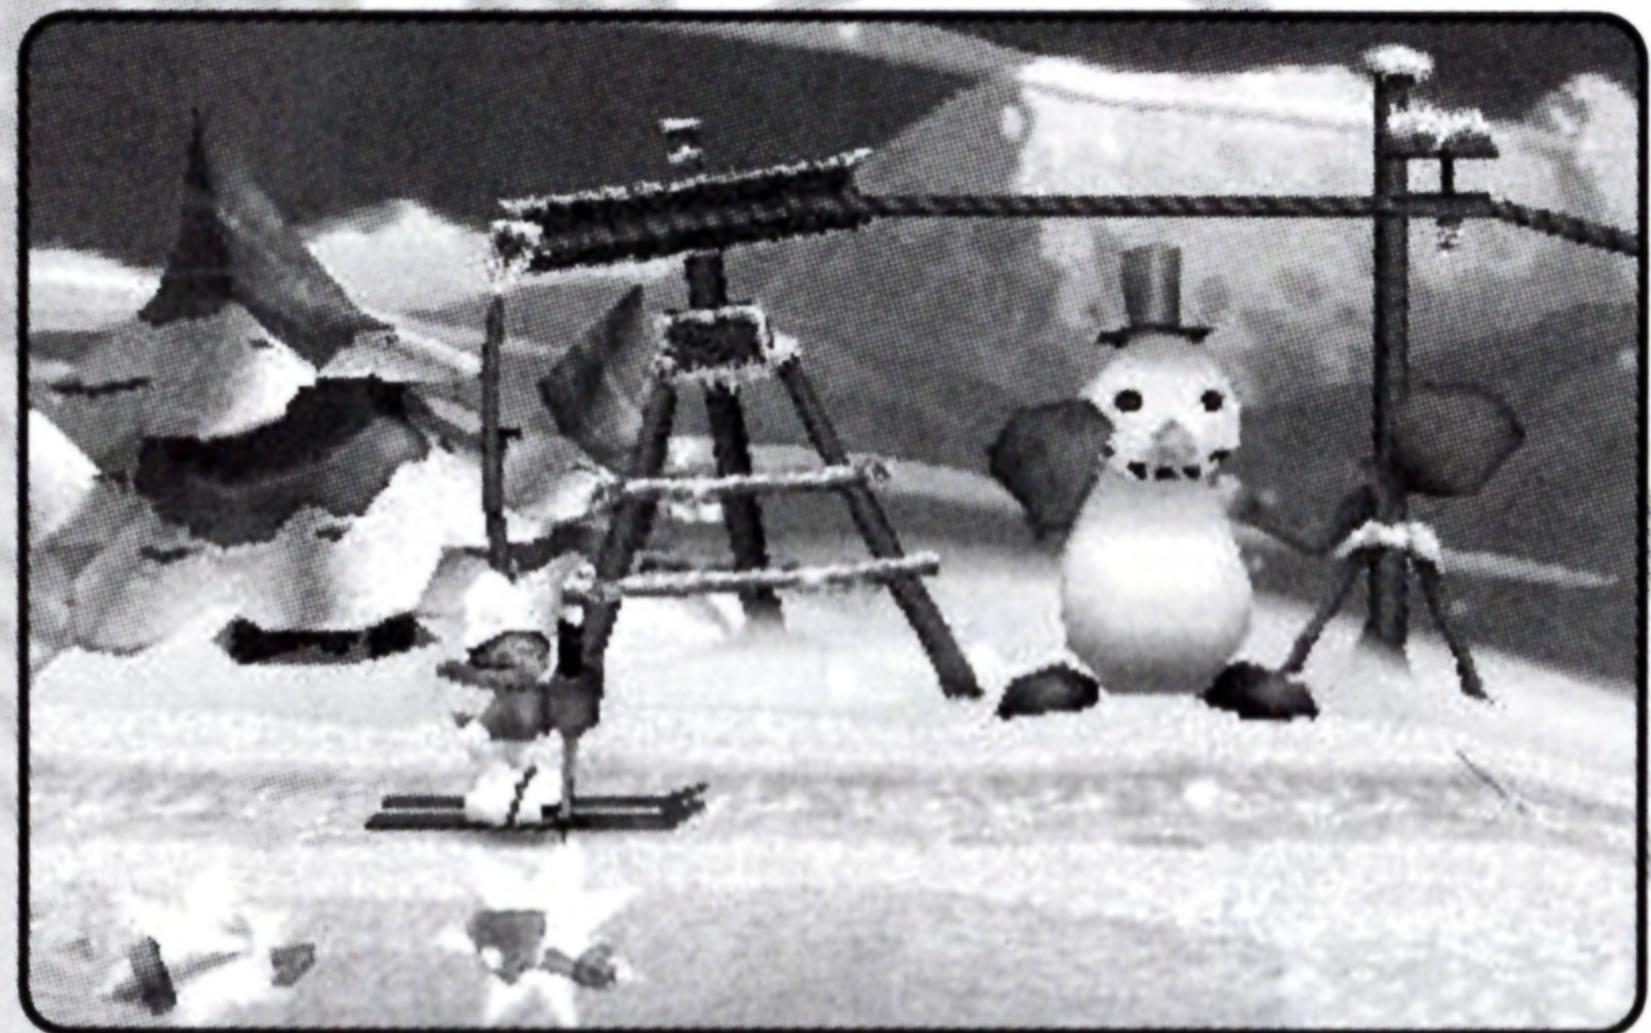

A few abracadabras later and there they were: astonishingly servile and particularly stupid little creatures. Proud of his obedient army, who, like their master, detested the Smurfs, Gargamel ordered them to capture the Baby Smurf and nine other Smurfs. Once captured, they were taken to opposite ends of the forest to lure the remaining Smurfs to come rescue them.

Upon his return to the village, Hefty learned the sad news and set off to find his friends and teach Gargamel a lesson. Now you will help Hefty Smurf on his great adventure to save the missing Smurfs!

GAME DESCRIPTION

IT'S A PIECE OF CAKE

You can access any of the first seven levels from the game menu. These levels are full of fun explorations that allow you to discover the land of the Smurfs by foot, on skis, and on a dragonfly's back! They will help

you familiarize yourself with the different environments. There's no pressure, you can start the level over as many times as you like without losing. You can also earn bonus points by caring for Baby Smurf.

You can choose from any of the following levels in the "It's a piece of cake" menu:

- **Smurf Village:** Meet the other Smurfs as you explore the village.

GAME DESCRIPTION

- **The Forest:** Meet Smurfette and a cuddly rabbit.
- **A Ski Run:** Do somersaults as you dash down the mountain.
- **Mole Race:** Race against a mole on a dragonfly's back.
- **The Mine:** Explore a mine.
- **Iceland:** Journey through the ice.
- **The Haunted Castle:** Explore a castle haunted by some funny ghosts.

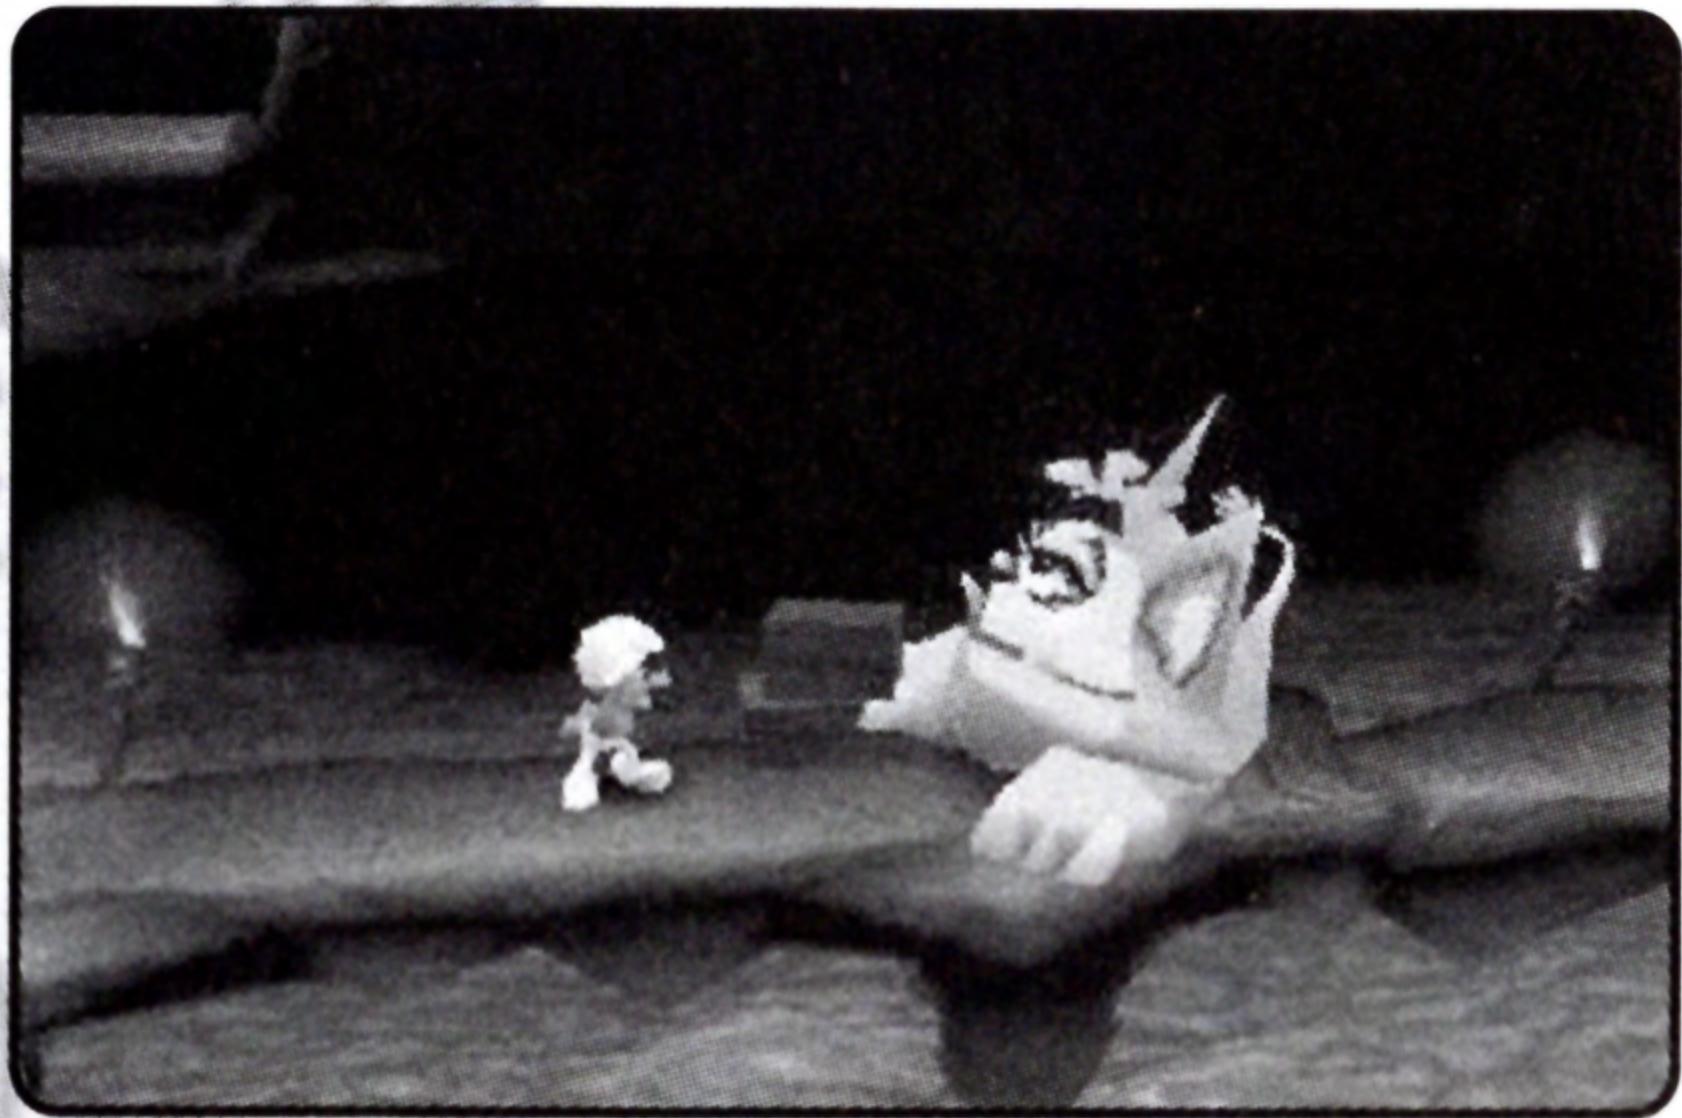

While exploring the various game levels, you also have to remember to care for Baby Smurf by giving him the rattles and baby bottles you'll win. To access Baby Smurf, push the SELECT button from the "It's a piece of cake" menu.

GAME DESCRIPTION

IT'S no PICNIC

In this part, you'll help Hefty through ten levels and two bonus levels. Hefty must save Baby Smurf and his nine friends who were kidnapped by Gargamel's evil army.

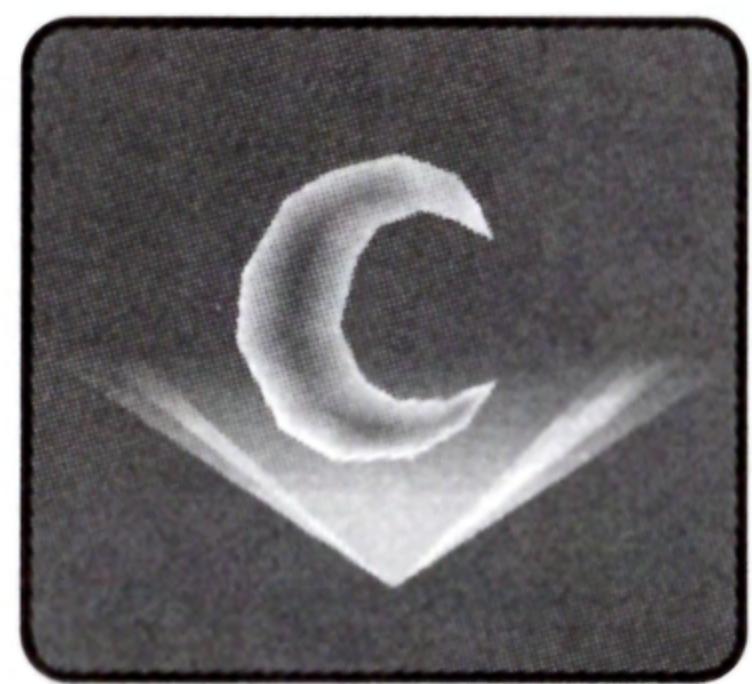

The environments are part of the Smurf "adventure" world: the forest, the underground caves, the mountain, the snow, the ice, the mine, the moats, the ruined castle...and other new surprises!

Move between levels via a map which is revealed as the game progresses. At the end of each level, you may move on to the next level. You also have the opportunity to return to a previously explored level.

GAME DESCRIPTION

Your goal at the end of each level is to free one of the kidnapped Smurfs.

Hefty wins bonuses in the form of sweets and cakes. He also accumulates quarter moons (3 quarters per level, for a total of 30 quarter moons during the game) to access a surprise at the end of the game. You may return to any of the previous levels if you want to get the quarter moons you missed earlier.
