STORY

The universe is awash in mutant monsters! They started small, now they're tall and they want the ball! The basketball, that is. Bugs can't stop 'em. Daffy can't stop 'em. Taz can't stop 'em. Not even Foghorn Leghorn can stop 'em. What can the Looney Tunes crew do? They put their heads together (YOUCH!) and concluded that they need some serious hoop help. Luckily, they've convinced Michael Jordan to join their team. When he hears about the loony dilemma, Michael's ready to lend a dunk and jam--whatever it takes to keep these Monstars from getting too big for their britches! Join in this crazy cartoon contest to defeat the jumbo jammers. Space Jam offers out-of-this-world action, with ridiculously fun sub levels, featuring all your Warner Bros. cartoon favorites in a free-fall, free-for-all that doesn't let up even in the locker room!

NOTE: Only Player 1 has control of Menus, including selection of Sublevels, Substitution Screens and Options.

TEAM & PLAYER SELECTION

Before you can get your hoop thing happening, you've got to choose which team you want to play on, and which character you wish to control. Up to 6 players can compete, 3 on each team

(when using 2 Multi-Taps). Choose your team with the Directional Button, then press the X or START BUTTON. A player portrait with attribute ratings will appear. Scroll through players with the Directional Button. Press the X BUTTON to select your character/player.

Continue until all players have chosen a character, then press the START BUTTON.

Then press LEFT or RIGHT at the substitution screen to highlight the player you wish to remove. Press the X BUTTON. Next, find the player you wish to bring in, and press the X BUTTON. Then press the START BUTTON to exit.

NOTE: Player 1 must select Substitute in order for other players to do so. So play fair, Player 1!

PLAYER ATTRIBUTES

Each player has differing amounts of the following attributes. The amount of each is shown by the number of basketballs. Speed rates a player's speed on the court. Shooting rates a player's shooting percentage.

Rebounds rates a player's ability to grab the rebound.

GAME MODES

Space Jam features 4 quarters of hilarious hoop action between the Monstar aliens and the Tune Squad (with Michael Jordan)! You can also compete in up to 5 different games-within-a-game by choosing to play with the sub levels option ON. Depending on whether you're playing as the Tune Squad or the Monstars, you'll be trying to help or hinder the toons. You can even compete in the Intergalactic Tournament, where you try to guide the Tune Squad to five straight wins! Here's the lowdown on all these great game modes.

NOTE: In a multi-player game, only the player with the lowest controller number on each team competes in Trophy Room, Locker Room and between quarter Sublevels.

THE TROPHY ROOM

Before the Big Game begins, Daffy Duck is trying to retrieve Michael Jordan's prized basketball equipment (shorts, jerseys, shoes) from his trophy room in order to supercharge Michael for the game to come. But it won't be duck soup for Daffy: he's got Charles the watchdog to contend with, a bunch of squeaky toys, and a nasty Nerdluck who'd like to keep Daffy from getting Michael's stuff. Daffy has only a brief time to get the shorts (sorry) and other items before the timer runs out and the adventure is over. Daffy better watch out for Charles, too, because nips from the pugnacious pup will slow him down plenty!

NOTE: At least one player must be on the Tune Squad to visit this level.

TOON HINT: Use your wits and your imagination and you'll have it made in the shade. You may have to use some furniture to succeed!

NERDLUCK HINT: Put squeaky toys near items Daffy needs to collect!

NOTE: In a multi-player game with at least 1 player on each team, use R1 + X to give your opponent a shove.

HALF TIME LOCKER ROOM RUMPUS

Midway through the game, both teams want some extra oomph. How to get it? If you're on the Tune Squad (Bugs Bunny), by finding Michael's water bottles, which hold a special elixir that can help the toons play more like Michael by increasing their Turbo power. If you're on the Monstar team, you'll be controlling the "super essence", a purple vapor that increases Monstars' Turbo! Either way, it's a race against time and the tricks of your opponent!

NOTE: In a 1 player game, you will play the Tune Up Search or Essence Round Up, depending on which team you're on. If 2 or more players are competing on opposite teams (at least one player on the Tune Squad and Monstars), BOTH the Tune Up Search and Essence Round Up will be played.

TOON-UP SEARCH

You've got to open as many lockers as you can to gather as many water bottles as you can before the timer runs out! Watch out for the underhanded tricks, distractions and attacks of the Nerdlucks--they really want to win! You may have to dodge some new and classic Looney Tunes cartoon threats: bombs, balls--even shoes can be trouble! Meanwhile, look for energy enhancing pick ups!

TOON HINT: Bugs gets stronger with carrots. And keep an eye out for the alarm clock to put some extra time on the clock!

MONSTAR HINT: Get close to Swackhammer to get items to impede Bugs, but remember, you only get two chances with each item before you need to get more.

ESSENCE ROUNDUP

As a Monstar team member, you control a mysterious purple vapor trying to capture as much Super Essence as you can to turn up the Monstars' turbo in the next quarters! Every time you touch the basketball player in the locker room, you'll add extra ability to your Monstar squad. As a Tune Squad member, you'll be trying to protect the basketball player from the purple vapor with various traps and tricks.

MONSTAR HINT: Watch out for anything that can dissipate or disrupt your vapor--the toons will use everything they can to turn the tables on you!

TOON SPORTS NETWORK

After every quarter, you'll get game commentary and have a chance to view game stats. In a 1 player game, press R1 to view Tune Squad stats and R2 to view Monstar stats. In a multi-player game, each team leader presses R1 to view his team's stats.

POWER UP SUB LEVELS

After both the 1st and 3rd quarters, if Sub Levels is turned ON (see Options), the Toon Sports Network will appear, where you can select one of three crazy ability-enhancing games. They

each affect different abilities. You can even choose to play the same game twice (after the 1st and 3rd quarter) if you want to. To choose a game, highlight it and press the X BUTTON.

SPEEDY GONZALES' CRAZY SPACE RACE

This is the level if you hope to increase your court speed, amigo! A Monstar and Speedy Gonzales compete in this wacky spaceship race through an outer space obstacle course complete with asteroids, comets and a blackhole, among other hazards. These objects can either hurt you or help you depending on your skill and daring. Once a player gets far enough ahead of an opponent, he's awarded points based on how long he's able to stay on the course,

AIM SPACEHIP

and the race begins again from the current position. The winner of the game is the player who fills his speed meter first. Good luck. Now "iandale!"

YOSEMITE SAM'S SHOOT OUT THE LIGHTS

Need to tune up your hoop accuracy? It's time for some shooting practice! In a 1 player game, if you're on the Tune Squad, you'll be trying to score to earn a Shooting Accuracy Power up. If you play as the Monstar team, you'll try for the high score to prevent the toons from getting the Power up (the Monstar team cannot get the Power up). This game features four color-coded zones with different point values. The further the zone is from the basket, the more points are earned when you score from within that zone. Talk about downtown, try a 20 pointer, "ya varmint!"

Tip: Shoot inside the moving circle to double your score.

LOLA BUNNY'S HALL OF HIJINX

This riotous shooting gallery is just the ticket if you want to increase your rebounding abilities! As basketballs drop from above and bounce all over, you've got to jump up, grab the rebound, and fire at the moving targets. The winner is the player with the most points when the clock runs out. In the event of a tie, a short overtime period will determine the winner. Plenty of hustle will come in handy here!

The targets have different point values. There are some special cards which have different effects.

HINT: Try to hit the lights to subtract 10 points from your opponent's score! There's no penalty for knocking down your opponent by passing the ball at them!

INTERGALACTIC TOURNAMENT

This tough five game Tournament features the Tune Squad against the Monstars. There are no substitutions. The Tune Squad is trying to win FIVE IN A ROW against the Monstars, who are trying to stop them. If you lose a game, it's back to the beginning of the Tournament. In the Intergalactic Tournament, Player 1 is automatically the captain of the Tune Squad, though up to 6 players can compete (using 2 Multi-Taps). As the Tune Squad, you select your team captain (Michael Jordan is not selectable) to take through the Tournament, plus two new teammates before each game. The Monstars play dirty, and are not required to switch out players between games.
