A FURY TOO  
HOT FOR HELL!

You were Al Simmons, the hottest professional assassin alive. But you were a killer with a fatal flaw – a sense of right and wrong.

You started asking questions and nosing around. So a spiteful associate decided to spare you the pangs of conscience by torching you to death.

A dead man's soul can still plead for mercy, and, brother, you begged.

Unfortunately, the One who answered your prayer was beyond mercy. You struck a deal with Malebolgia<sup>®</sup>, ruler of the Eighth Sphere of Hell. He allowed you to return to the living for a last glimpse of Wanda, your beloved wife.

But read the small print, Al. The E-ticket for your resurrection cost a bundle.

You've been drafted into the Devil's Own Army. Malebolgia<sup>®</sup> knows you feel betrayed and enraged by your death at the hands of ersatz allies. He needs your fury and barbaric skills to lead Hell's army into the final battle of Armageddon. You're the Devil's own trainee, Al, the ultimate hope for all that is evil!

Your schooling begins. Travel through three realms at different points in time. Rip into every beast that Malebolgia<sup>®</sup> hurls your way. Discover the secrets that will lead you back to Hell.

Maybe there is a way out. Attack Malebolgia<sup>®</sup> himself, and you might be free.

Are you Al Simmons now? No, you are one of the Hellspawn<sup>®</sup>. You're SPAWN, can you resist the commands from the powers of Hell? Maybe.

# STARTING PLAY

Turn on the PlayStation game console. Following the opening logos, you'll watch the SPAWN® THE ETERNAL™ introductory video sequence.

During the video you'll be drawn into SPAWN's world, and you'll come to understand the dark and gruesome trials that await you.

As they say in Peoria, "What's that in the road. A head?"

Get ready for gristle, gore and guts as SPAWN takes on a fiercer evil than has ever been seen above the ground.

The Main Menu appears following the video sequence. Press any key to skip the video sequence and go straight to the Main Menu.

# PORTALS TO THE REALMS OF TIME

To enter each realm, SPAWN must pass through one of the Portals of Time. Four Portals exist – each one opening into a different Realm of Time. Circle the portico, walking toward each portal. If a realm is available, the portal will open. In NEW games, only the Street Spawn Portal will open. After you completely explore the first realm, gather all keys, open all doors and defeat all enemies, you will be granted access to the next realm. **YOU MUST DEFEAT EACH REALM IN TURN IN ORDER TO GAIN ACCESS TO THE NEXT.**

## PORTALS

## REALMS

Street Spawn® Realm

The world SPAWN used to inhabit – a heartless cityscape.

Medieval Spawn® Realm

Werewolves, monsters and armor-clad lost souls haunt lichen-shrouded crypts.

Primitive Savage Spawn™ Realm

Hell

The realm of the un-living and the truly damned who follow you to the grave – and beyond.

# NAVIGATION

**1: Physical Condition Meter:** SPAWN's life, such as it is, depends on his Physical Condition. As a green-blooded American, SPAWN loses health with any injury. Attacks, poisons, traps, polluted liquids, stabs, slashes, punches, having Magic done on him and other hurts will sap SPAWN's health. Lose his last drop and SPAWN dies. Restore Physical Condition by collecting Necroplasmic Spheres. Or use some of your Magic to fully restore SPAWN's Physical Condition (press L1 + L2).

**2: Magic Level:**

SPAWN's Magic level is finite, but he enters the realms with a high amount – 9:9:9:9. Using Magic depletes the level. Use it all and SPAWN is wasted. In other words, to win the game, you must clear all four realms with the Magic level on hand.

**3: Sphere Inventory:**

Whenever you collect any Sphere power-up, the amount you have on hand appears here, for instance:  X 3.

## LEVEL ITEMS

### KEYS:

Hidden Keys unlock passages. Find the Key for each lock, or you won't ever get out.

HINT: Bust open crates and check every inch of every room.

SWITCHES: Place SPAWN in front of a switch and press the  Button. The effect of throwing the switch can be nearby, or in a completely different location.

WARP MIST: Enter the mist to warp to the next level.

## COMBAT

**1: Health Meter:** During combat, the Health Bar displays each fighter's ability to keep fighting. Health decreases according to the power in the punches, kicks, combos and Magic hits taken. The fighter able to deliver the most merciless injury in the shortest amount of time is usually the one left standing. Strategy counts, too.

**2: SPAWN's Physical Condition**

**3: Enemy's Health**

**4: Cape/Chain:** SPAWN's Cape is a living weapon that assists him in combat. Switch to the Chain (press R1 + R2) for another form of heavy attack.

# MAGIC SPHERE POWER-UPS

Discover Magic Spheres anywhere in the realms. They may be hidden in crates or floating in plain sight. Defeated enemies will sometimes give up Magic as they fall. Some Magic takes effect immediately. Others, such as Hell Gauntlet and Ice Blast, are activated with button presses. These Magics are fueled by SPAWN's Magic level; using them decreases the amount.

*Necroplasmic Sphere:* Feeds SPAWN's Physical Condition. When the meter flatlines, SPAWN loses consciousness.

*Hell Gauntlet:* Inflicts increased damage temporarily in SPAWN's physical attack by focusing the fury of Hell's lost souls.

*Globe of Shadows:* SPAWN becomes invisible for a short period, forcing his enemy to attack or defend blindly.

*Cryomantic Sphere:* Spawned by the frigid hopelessness that permeates the nether regions, this Ice Blast will freezer-burn an opponent, temporarily slowing him down and sapping his strength.

*Sphere of Protection:* Renders SPAWN temporarily invincible to the harmful effects of any form of damage.

*Pyromantic Sphere:* Unleashes the molten fury of Hell's own fires to incinerate SPAWN's enemy.

# TO HELL AND BACK: HINTS FOR THE UNDEAD

25

- Attempt to bash open every crate and box you encounter. They may hold Magic or keys.
- When you pick up Magic, it is displayed at the bottom left of the screen. As you gather more of the same kind, the total number you've collected is displayed. Pay attention. There is no other place where you can see how much of each kind of Magic you have left.
- You can sometimes roll through traps.
- If your Physical Condition meter is fully charged, do not collect any more Necroplasmic Spheres. They will be wasted. Wait until you suffer an energy loss, and then replenish your health.
- If you are battle-weakened (your Physical Condition is very low or, worse, flashing), try to avoid a fight by retreating when you see an enemy patrolling ahead. Maybe you can find a Necroplasmic Sphere somewhere before you're forced into battle.
- You're enraged for sure, but learn to block and duck during battle. Strategy counts.
- Look around you. Is something missing? Could that missing piece be somewhere else?
- In dire combat straits when your Physical Condition is low, use a Heal Spell (L1 + L2) to restore health. **REMEMBER: DOING THIS WILL LOWER YOUR MAGIC LEVEL.** When your Magic is gone, hasta la bye-bye, hell-babe.
