TIME LIMIT – Each round has a time limit. If the time limit is up and both characters still have vitality left, the character with more vitality wins the round. (You can toggle the time limit ON/OFF in Option Mode; see page 8.) When OFF is set, the round continues until one character wins (see "Winning" above).

DRAW GAME – A draw game occurs when both fighters lose all vitality at the same time (double K.O.) or when both fighters have the same amount of vitality left when time is up.

BASIC MOVES

NORMAL MOVES – Punch and Kick moves have 3 strength levels: Light, Medium and Heavy. Light attacks are quick, you can move into the next attack immediately. Heavy attacks deliver maximum damage to opponents, but they are slow. Medium attacks are midway between Light and Heavy.

- △ – Medium Punch (MP)
- – Medium Kick (MK)

Throws are effective in distracting or disorienting an opponent. Some characters can throw with MK or HK as well.

GUARD BREAK P + K of the same strength

If you connect with this attack, the opponent's guard will be broken. Requires Level I in the SC Gauge.

EXCEL

P + K of different strengths

During Excel, almost all your moves can be linked, allowing you to perform a devastating combo.

SUPER COMBO

More powerful than Special Moves, Super Combos inflict great damage. Requires Level 1 in the SC Gauge.

METEOR COMBO

The most powerful move, requiring Level 3 in the SC Gauge.

SUPER CANCEL

After you perform a Special Move or Super Combo, input another Super Combo immediately. You can link multiple Super Combos with this technique.
