## **WARNING READ BEFORE USING YOUR PlayStation® GAME CONSOLE**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following while playing a video game - dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions - IMMEDIATELY discontinue use and consult your physician before resuming play.

## **WARNING TO OWNERS OF PROJECTION TELEVISIONS**

Still pictures of images may cause permanent picture-tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large screen projection televisions. Refer to your projection TV instruction manual for more details.

## **HANDLING YOUR PlayStation® DISC**

- This compact disc is intended for use only with the PlayStation game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other heat source.
- Be sure to take a break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping it in straight lines from the outer edge. Never use solvents or abrasives.

## Console

### Top View

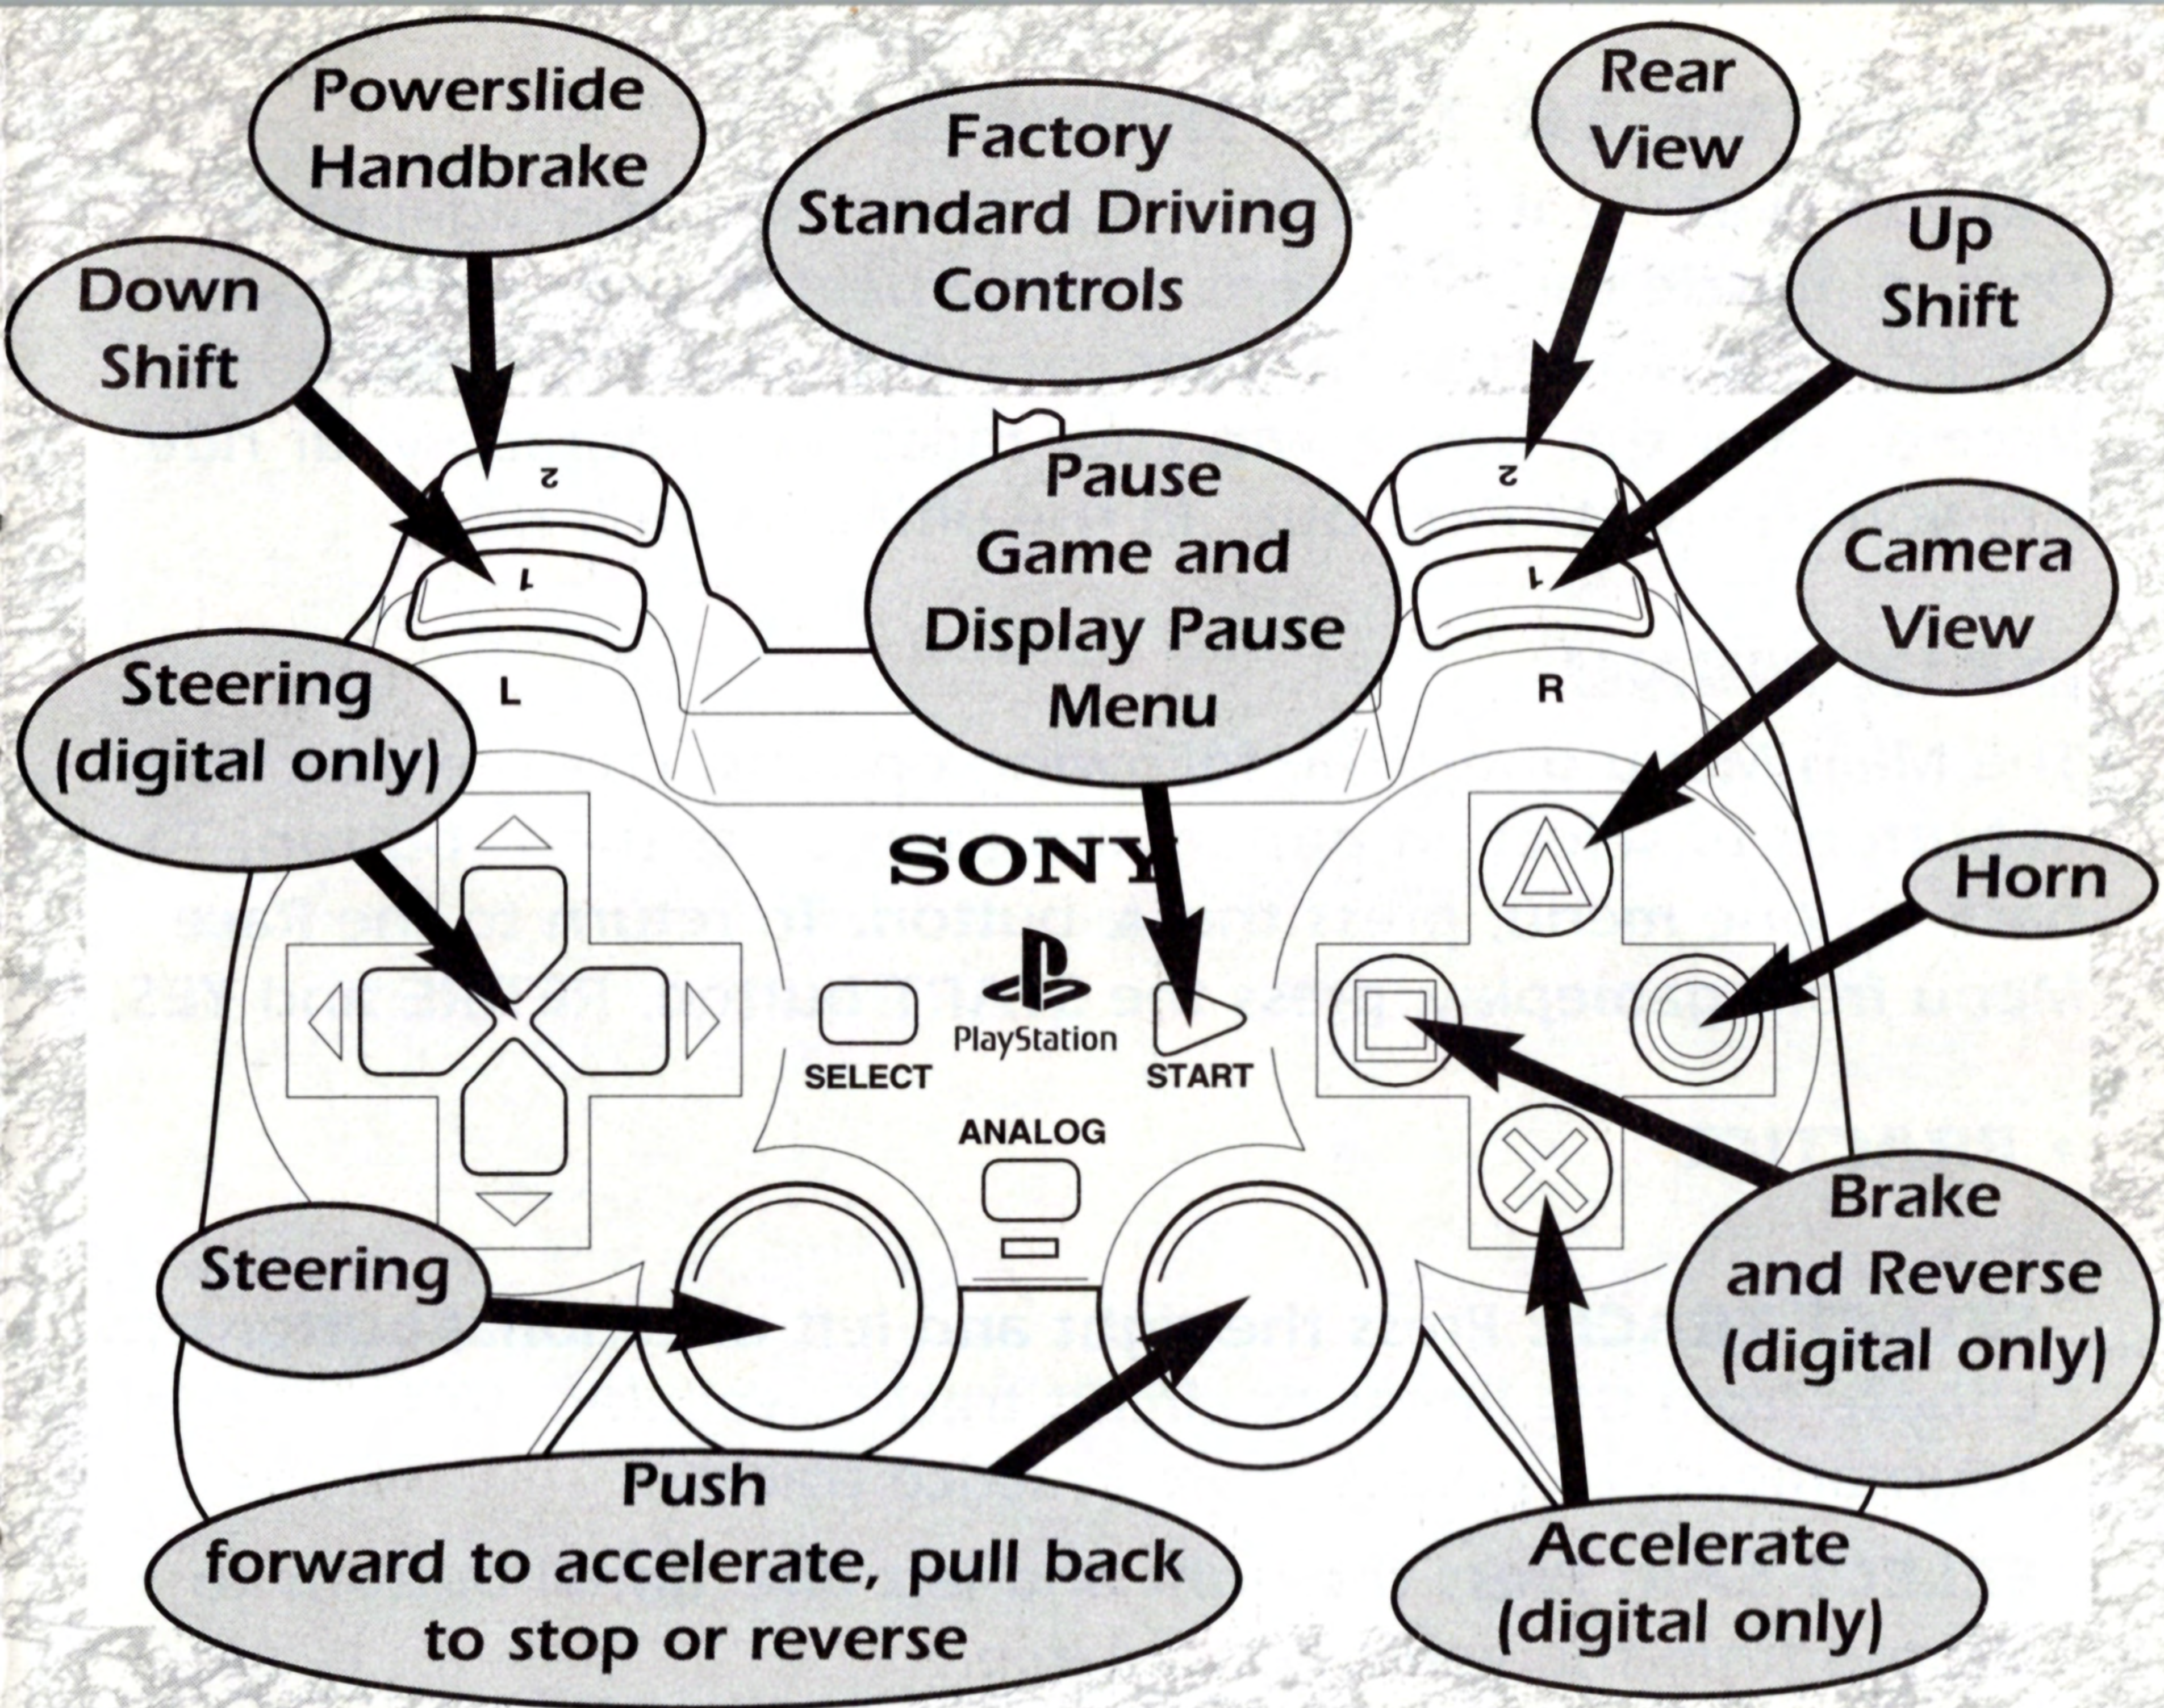

### Front View

## POWER UP

Set up your PlayStation® game console according to the instructions in its Instruction Manual. Make sure the power is off before inserting or removing a compact disc. Insert the game disc and close the disc cover. Insert game controllers and turn on your PlayStation® game console. Follow the on-screen instructions to start the game.

**NOTE:** Controls can be customized by selecting the CONTROLLER OPTIONS selection in the Options Menu (OPTIONS in the Main Menu).

## **WELCOME TO TEST DRIVE 6**

Did you ever want to challenge a dream supercar against a flexing muscle car? Slip behind the wheel of your street rod off the lot, or a high tech concept car right out of the R&D garage. Race all over the world, win your races and upgrade your ride. Are you the best? Find out...in the ultimate thrill ride!

### **MAIN MENU**

The Main Menu offers the following options. Use the directional buttons to select an option and then press the X button. To back up one menu, press the ▲ button. To return to the Race Menu from gameplay, press the START button, RETIRE and YES.

#### **▪ PRACTICE**

**SELECT TRACK:** Press the right and left directional buttons to choose from the linear or circuit tracks available. Win Tournaments to unlock more Practice tracks.

**SELECT CAR:** Press the right and left directional buttons to choose from the vehicles available.

**TRANSMISSION:** Use the right and left directional buttons to toggle between automatic and manual transmission.

## IMPORTANT DRIVING TIP

You must learn to powerslide to get through sharp turns at high speed. Use the Handbrake (L2) during a turn to powerslide. Tap the button to get the most slide with the least slow-down.

**RACE:** After you've chosen a car and a track, you're ready to hit the streets and leave the competition behind.

**EXIT:** Leave this screen.

### ▪ RACE MENU

**NAME:** Press directional buttons to spell out your name, nickname, or handle.

**SINGLE RACE:** You may only choose this option after you have purchased a vehicle in the Garage. Select a track, as in Practice. Place your wager, and beat your opponents.

**TOURNAMENT RACE:** You may only choose this option after you have purchased a vehicle. Choose the class in which you want to race, and which tour of that class in which you will race. You can upgrade your vehicle before each race.

At first, only the Class 1 Tournament is available. Cars in Classes 2 through 4 have higher performance and greater costs. When you have acquired enough credits and purchase a car in Class 2, 3 or 4, the respective tournaments are also opened to you.

## **TOURNAMENT WAGERING SYSTEM**

Make a wager on your race, and the other five racers will match your bet. There are maximum and minimum limits to the amount you are allowed to wager. If you cannot meet the minimum wager, you must go out and earn more credits through Single Races, Cop Chases or Challenges.

Half of the credits ponied up for each race in a tournament is paid out to the top three finishers, and the other half goes into the Tournament pot. The pot is paid to the driver with the lowest cumulative racing time at the end of that Tournament.

**COP CHASE:** You may choose this feature only after you have purchased a vehicle in the Garage. Choose a police vehicle to drive in pursuit of the other drivers. Choose your course, and choose your mission. For the event, "Stop the Racers," every racer has a "morale" bar shown above his car. Knock the morale bar down to zero by bumping into him to pull him

over. Or, block him off, using your car as a barricade to stop his forward progress. For every racer you manage to cite, you will be rewarded with credits.

## **H O T T I P**

If you are the cop, go after the fastest racer first, otherwise, the others may slip past you.

If you arrest all the racers on all the tracks, the event "Stop the Bombers" will become available. In this event, a mad bomber will continually drop bombs to try and stop you. He must be arrested at all costs.

**CHALLENGES:** You may only choose this option after you have purchased a vehicle in the Garage. These races are outside the tournament structure, and may be outside of "acceptable" public behavior. Each is a test of your driving skills and measurement of the competitiveness of your vehicle. While the rewards are high, you may encounter difficulties in completing each Challenge.

**GARAGE:** Enter the Garage to select a car to race, purchase a new car, modify cars you own, or sell cars.

**Change Car:** Choose from the vehicles in your garage for your next race or tournament.

**Upgrade:** Once you have at least one vehicle in your

garage and some credits in your account, you can begin upgrading your vehicle(s). There are four categories of upgrades, and each category has a number of levels of superiority to make the vehicles better, faster, and more competitive. The categories are Engine, Brakes, Tires and Suspension. Each upgrade can be adjusted in the garage, making it possible to fine-tune your vehicle for the tracks on which you will race.

**Buy:** Choose the vehicle class (1-4) which also determines base price and base performance. Use the right/left directional buttons to choose from the vehicles in that class. Press the X button once to view that vehicle's performance statistics. Press the ● button to go to the Paintshop, where you can customize the color of the vehicle.

In the first column, use the up and down directional buttons to choose a color. Tap the right directional button to go to the brightness column, and use the up and down directional buttons to alter the brightness of the vehicle.

After you have accepted the paint job, press the X button to purchase the vehicle. You will be asked to confirm your purchase – once you have, appropriate funds will be deducted from your account and the vehicle will be yours.

**Sell:** Do you need money? Are you unsatisfied with a vehicle? Sell a car back – for less than you bought it for, naturally.

## ■ **TWO PLAYER RACE**

**SINGLE RACE:** Hook up two controllers for you and a buddy and race against each other to see who's the better driver.

**SELECT TRACK:** Press the right and left directional buttons to choose from the linear or circuit tracks available.

**RACE:** After you've chosen a car and a track, you're ready to hit the streets and leave your competition behind.

**COP CHASE:** Choose a police vehicle to drive in pursuit of player 2. Choose your track and your cars. Player 2 has a "morale" bar shown above his car. Change the morale bar from green to red by bumping into him to pull him over. Or, block him off, using your car as a barricade to stop his forward progress. You will be rewarded for each citation. It's like cops & robbers, except you get to chase your buddy down and nail him with a ticket!

After one race, it is Player 1's turn to be chased.

**SELECT TRACK:** Press the right and left directional buttons to choose one of the linear or circuit tracks available.

**RACE:** Strap on your wheels and chase your buddy down.

**EXIT:** Return to the Two Player menu.

**QUAD RACE:** Create a four-race tournament for you and a buddy. Use the up and down directional buttons to choose a track for each of the four track slots.

**SELECT TRACK:** Press the right and left directional buttons to choose four of the circuit tracks available.

**SELECT CARS:** Enter the garage and choose a car for each player.

**RACE:** Hop in your ride and take on your opponent in best-out-of-four.

**PINK SLIP:** Just how much faith do you have in your skills and your ride? In a race for Pink Slips, you and your opponent bet your cars against each other. The winner wins BOTH vehicles. Now you can prove you're the absolute best. Race your buddy, ride against ride. The loser walks and the winner takes all!

**SINGLE RACE:** Press the right and left directional buttons to choose one of the circuit tracks available. Stake it all on one race.

**QUAD RACE:** Racing for each other's rides, best-out-of-four.
