MOMENTUM METER

Gauge how well you are doing in a fight by examining the Momentum Meter. It indicates how well a wrestler is doing through a combination of factors including remaining stamina, damage caused to the wrestler's opponent, crowd response, and successful foreign object use within the fight.

Once the match begins, the Momentum Meter moves back and forth between the two wrestlers depending upon what each wrestler is doing. The execution of moves and crowd response helps determine how much and how fast the meter swings in a wrestler's favor. Difficult moves like leaping attacks, very damaging holds, or weapon use cause the meter to move a great deal in a wrestler's favor, while inaction or an offense built around just punches and kicks will hardly move the Momentum Meter at all. The benefit of all this momentum is that whenever a wrestler is able to move the Momentum Meter into the red zone, they can then attempt a finishing move.

STAMINA METER

It is said that in wrestling, conditioning is the greatest hold. Therefore, it's important to know the stamina of your wrestler at all times. During a match, a character's remaining stamina can be measured by the color of their name. If a character's name is white, the character possesses maximum stamina. A yellow name indicates approximately 50% stamina, while a red name means a character's stamina is dangerously low.

FINISHING MOVES

Finishing moves are powerful signature maneuvers used by each fighter to inflict massive amounts of damage on an opponent. Once the Momentum Meter has completely swung to one character and the text "MAX MOMENTUM" appears over his or her name, you may execute your character's special finishing move. After applying the move, follow up with an attempt to pin your foe and end the match. Then again, you may want to forego the pin attempt and choose to dish out some more punishment.

WEAPONS

Each arena in *WCW Backstage Assault* is packed with an assortment of weapons that can be used to pummel your opponent. Weapons come in all shapes and sizes and include a variety of items including baseball bats, garbage cans, boxes, and more! In fact, just about anything you can get your hands on can be used to assault a foe. However, most weapons have a limited number of uses, and will be destroyed if smashed too often against an opposing wrestler.

EA TIP: Some of the game's best weapons are hidden within objects. Try smashing things by sending your opponent into them, courtesy of an Irish Whip.

HARDCORE CHALLENGE MODE

So you think you're ready to go toe-to-toe with the world's greatest wrestlers? Then test your skills in Hardcore Challenge mode, a single-player, multi-match competition allowing you to step into the shoes of your favorite wrestler. Hardcore Challenge mode contains the chance to compete for three WCW championships: Hardcore, U.S., and World. Battle your way through the competition to claim each title belt, while unlocking new venues, characters, and weapons along the way. Then, if you are good enough, claim your spot among the sport's best competitors in the Hall of Champions.

To enter the Hardcore Challenge:

1. On the Main menu, select **HARDCORE CHALLENGE**. The Existing/New Game menu appears.
2. Choose to continue an **EXISTING** game or to start a **NEW** one.
 - ⇨ If you choose **EXISTING**, your saved game automatically loads.
 - ⇨ If you choose **NEW**, the Difficulty menu appears.
3. On the Difficulty menu, choose a title to pursue: **HARDCORE** (Easy), **U.S.** (Medium), or **WORLD** (Hard). The Select Wrestler appears. (➤ p. 9.)
4. Select the wrestler you want to fight with. The Level Select screen appears. (➤ p. 10.)
5. Choose an available backstage area to brawl in. The Matchup screen appears. (➤ p. 11.)

MATCHUP SCREEN

Preview the upcoming match and gain some clues for unlocking hidden characters, costumes, and levels!

⇨ To begin your assault on the title, press **✖**.

NOTE: In Hardcore Challenge mode, you can only replay a match once.

BONUS ATTRIBUTE POINTS

If you successfully complete the Hardcore Challenge mode, you earn bonus Attribute Points. These points can then be applied to your character to strengthen him or her for the battles ahead. (► *Edit Abilities Screen* on p. 18.)

☐ Two points are earned for winning the U.S. Championship and three points are earned for winning the World Championship.

HALL OF CHAMPIONS

When WCW Wrestlers have proven themselves in no-holds-barred wars like the ones contained within *WCW Backstage Assault*, they gain a reputation in the wrestling world. However, only the best fighters are admitted into the Hall of Champions. Here, you will find a complete list of the toughest performers in the game and the wrestlers who have performed the best in the Hardcore Challenge, as well as the current belt-holders of the three main championships.

⇒ To access the Hall of Champions, select HALL OF CHAMPIONS from the Main menu.

To gain a ranking in the Hall of Champions, you must first complete the Hardcore Challenge. At this point, several factors are used to determine your ranking such as Number of Matches Won and Attack Style Points. Attack Style Points are based on the variety of attacks that you utilize through the course of a Hardcore Challenge. To earn more points, attack from different positions and use as many moves and weapons as you can. At the conclusion of a challenge, the Score Tabulation screen appears, displaying all of the points earned over the course of your game.

HARDCORE GAUNTLET

Wrestlers in search of the ultimate test of grappling skill, courage, and intestinal fortitude must undertake the most dangerous challenge in WCW history! This new event is known as the Hardcore Gauntlet, and foolhardy wrestlers who want to firmly establish themselves in the WCW history books can access it from the Main menu.

The Hardcore Gauntlet is truly the ultimate wrestling challenge. In this mode, you must face seven of some of the toughest customers in the WCW, one right after the next. Participants in the Hardcore Gauntlet quickly learn that there is no rest between fights (meaning your stamina is not replenished), no option to replay a match that you have lost, and no way to save your progress. If you can successfully run the gauntlet, you earn the right to access special, hidden stars of the WCW.

BACKSTAGE BRAWLIN'

In *WCW Backstage Assault*, the action takes place in a number of massive behind-the-scenes venues, packed with an array of potential weapons. And in the backrooms, anything goes!

Many of the backstage areas contain doors that allow you to move between rooms during the course of a bout. Wooden doors let you move between rooms in the same area, while metal doors allow you to move between the various areas themselves. However, to open the metal doors, you must unlock them during

gameplay by winning key matches in Hardcore Challenge mode.

⇒ To move into a new room, face an open door and press the Run button to enter or throw an opponent into an open door with an Irish Whip.

Here's a brief description of each backstage area:

TRUCK ARENA

The Truck Arena is the largest single backstage area, consisting of several grimy semi-truck trailers backed end to end and side to side. The atmosphere here is dark, gritty, and harsh. Even the fire here can be used as a weapon. With an unforgiving asphalt surface, the Truck Arena is the perfect place to give your opponent a little road rash!

LOCKER ROOMS

The Locker Room level is split into two sections: the Exercise Room and the Locker Room itself. The Exercise Room is a large area full of gym equipment where the WCW superstars engage in grueling workouts — it takes a lot of hard work to attain physical perfection. The Locker Room contains lockers and benches and is where the wrestlers suit up before a match begins. For some unfortunate wrestlers, the match ends here as well.

LOADING BAY

The Loading Bay Level is a concrete space set aside for the loading and unloading of equipment. It is made up of two rooms: the Loading Bay and the Storage Room. The Loading Bay is filled with oil drums, boxes, and crates of all sizes. Large cargo doors facilitate the movement of goods, and a raised area on one end of the room acts as a temporary storage spot. The Storage Room is a small rectangular room, making it an ideal venue for close-range combat.

BATHROOMS

The Bathroom level is divided into three rooms: the Men's Bathroom, Women's Bathroom, and Janitor's Room. With the scrubbed ceramic tile and fixtures, the overall feel of the level is clean, sanitary, and tidy. Of course, this all changes once the wrestlers have their way...

THE BLOCK

The Block level is made up of two rooms (Boiler Room and Electrical Room) and is filled with a twisting coil of pipes and wiring. It is hot and humid here — definitely grungy! Unfinished and crumbling, the concrete walls form an unforgiving boundary to an arena populated with all manner of potential weapons. This harsh environment is the perfect place to turn the heat up on a hated foe.

PARKING GARAGE

The Parking Garage is an underground parking garage/storage area comprised of two rooms: the Garage and the Tool Room. The concrete gives it a cold, unforgiving feel. Boxes, oil drums and tires fill the Garage area, while the Tool Room is comprised of a soda machine, tool cases, tables, chairs and computer monitors.

MEDIA CENTER

The Media Center is an area dedicated to bringing the WCW to the world. It consists of two large rooms: the Broadcast Room and the Green Room. The Broadcast Room is full of computers and production equipment. One corner is devoted to an announcer set, while the other contains electronic equipment, giving the area a sleek, high-tech look. On the other hand, the Green Room is the place for WCW talent to relax before a match. In the Green Room, you will find a variety of items including a big screen TV, a soda machine, and a food table.
