After Gabrielle is captured by Kalabrax' evil co-conspirators King Valarian and Narsus, an evil renegade Amazon, Xena springs into action. THE CHARACTERS

The World of Xena is filled with a unique collection of colorful characters.

Xena

This legendary heroine possesses unmatched fighting and tactical skills. However, she was not always a powerful force for good.

At one time, Xena led a mighty army and sought nothing less than conquest on a grand scale. To this end, she plotted to destroy the one man who could possibly stand in her way: Hercules. Fortunately, she was not successful. In her second meeting with the son of Zeus, Xena was shown the true scope of the cruel and horrific actions and renounced her evil ways.

Now Xena seeks redemption for her shameful past by roaming the land and performing good deeds with the help of Gabrielle.

Gabrielle

Gabrielle is Xena's faithful sidekick and often acts as her conscience. She is quick-witted and often uses words and stories to overcome her enemies. However, when called to fight, Gabrielle is more than capable of defending herself with the skillful use of a bo staff.

Ares

Ares, the god of War, is Xena's longtime nemesis, but has a deep respect for her. He thrives on bloodshed and his evil machinations usually center around the propagation of war. However, in almost every situation he is involved with, Ares possesses a cunning hidden agenda.

Hades

Hades, god of the Underworld, is an old acquaintance of Xena. He is aware of all things on the surface world, including the mischief of the Gods, and the folly of men. Lucky for Xena, he owes her a favor from their previous encounters, and this time she is going to need big time payback. Unfortunately, he can be hard to find...

Kalabrax

In ancient times, the beastly Kalabrax was employed by the Titans as a spy in their war against the gods. Kalabrax' evil eyes, which give her the ability to see anywhere in the world, made her a suitable choice for this position. However, after the Titans were defeated, the gods imprisoned Kalabrax in a stone temple as punishment for her actions against them.

From her stony prison, Kalabrax used her special sight to study the most powerful sorcery books hidden in libraries throughout the world. Once she mastered the black arts, Kalabrax transformed herself into a human and escaped. However, this spell drained her powers so she can only retain human form for limited periods of time. In her studies, she found a spell allowing her to permanently remain in human form while gaining powers exceeding those of the Gods. Now she seeks a human Queen to sacrifice in order to acquire the unholy power.
